

We will continue gathering at 9:00 am through the month of August on Sunday's outside our 15th Street building for a family-friendly worship service.

We will still be socially distancing by sitting in family units. Please bring your own lawn chairs or blanket to sit on. Masks are encouraged but not mandated.

Because there will be no children's ministry, the service will be shorter than our pre-Covid service length.

We will have some activity bags for your younger children to utilize during the service if they want.

We will also continue to have our worship service available online, so there is no pressure to return just now.

If you feel more comfortable watching from home, that is great, and we would love to connect with you in that way.

Quick Guidelines and Details for in-person services

- 6ft social distancing per family unit is required
- Masks are highly encouraged but not mandatory
- Hand sanitizer stations will be provided
- Activity packets will be available for kids
- Parking in the Greeley Central parking lots is strongly encouraged (if you park on the street, please be respectful of our neighbors by not blocking driveways)
