JOIN US IN PRAYER

Since 2020 we have been serving in the neighborhood of Bosa in Bogota, Colombia.

In 2022 we officially opened the doors of the church plant in a small one bedroom apartment.

In 2023 we grew out of that tiny apartment and moved to the storefront where we currently hold services.

This one room building has been an IMENSE blessing, but the church is beginning to outgrow the space. We are currently praying over some options as we look at finding a building to fit the growing needs for the church congregation.

We ask you to **join us in prayer** as we look towards this transition. Our hope is to find a building where we can hold 2 or 3 classes simultaneously and a meeting room large enough for Sunday worship services. May God guide our steps as we look at both rental and purchasing options.
